

Catholic Charities WV is opening a new program in downtown Huntington at the end of the month. Our new program, The Center for Community Learning and Advancement, will provide academic instruction and case management services to adults. Enrolled adult learners will work with a staff instructor and navigator to create and individualized learning plan that meets their unique academic, career, and life goals. The instructor and navigator will work with adult learners to ensure they meet their goals and are ready for the next step—post-secondary education and/or a career.

Catholic Charities is hosting an open house for the community on Tuesday, November 29th at 6 p.m. Father Dean has agreed to bless the space at 6:30 p.m. We hope that you will join us in this celebration! The Center is located at 901 5th Avenue, Huntington, WV 25701.
