

If you know how to knit or crochet, please help the residents of Branches Domestic Violence Center, Ronald McDonald House, Golden Girls and the Huntington City Mission by knitting or crocheting a scarf for them. A homemade scarf could help keep their necks warm and have something soft to call their own.

We have yarn available through the generosity of an anonymous donation. It is on a table in the vestibule of the Church. Please help yourself! When your project is complete, please put the scarf in a plastic zip bag and label it child, woman and/or man. There is a basket in the vestibule of the Church for prayer shawls, just use the same basket.

Here are our simple patterns:

Child: Cast on 11 stitches (on knitting needles size 13, 15 or 17) (or large crochet hook). Knit or crochet until the scarf is 4 feet long. Cast off.

Women: Cast on 15 stitches (on knitting needles size 13, 15 or 17) (or large crochet hook). Knit or crochet until the scarf is 5 feet long. Cast off.

Men: Cast on 18 stitches (on knitting needles size 13, 15 or 17) (or large crochet hook). Knit or crochet until the scarf is 6 feet long. Cast off.

Tip: The larger the needles the looser the finished item. Children's items are better with the smaller size needles. Even an 11 knitting needle would be good
